

# MSEE Scholarships in Electric Power Engineering at Taiwan National Sun Yat-sen University

**The** National Sun Yat-sen University invites international students to apply for MS (Master of Science) fellowships to study at the scenic campus. The University is located in Kaohsiung, Taiwan, a metropolitan area with a population of more than 1.5 millions, and is one of the top research-intensive universities in Taiwan.

#### Program of Study >>>

International Master's Program in Electric Power Engineering

#### Curriculums and Courses >>>

Curriculums are tailored for international students. All courses are lectured in English. Students will be able to study the professional contents related to Electric Power Engineering (power systems, electric machines, power electronics, networks, and controls) as well as learn the Chinese cultures.

#### Scholarships >>>

Supported by TaiwanICDF, approved students will receive the following: (1) Round-trip ticket; (2) On-campus dormitory; (3) Tuition and Fees; (4) Health insurance; (5) Book expenses; and (6) Monthly allowance. The scholarship offered by TaiwanICDF is subject to change in the future. Any update information will be announced on the TaiwanICDF website at

<http://www.icdf.org.tw/mp.asp?mp=2>, <http://www.icdf.org.tw/TSP/Welcome.aspx>

Please check the website for the latest information.

#### Application >>>

Applicants should hold a Bachelor degree. TOEFL (or equivalent) score is required for applicant whose native language is not English.

**Application Deadline >>>** Submission of application materials is prefer before February 28.
